The provisions of this Guide cancels provisions formerly published in OAM Mileage Guide 5, PUCO No. 35.

APPLICATION OF OAM MILEAGE GUIDE 6

1. This Guide reflects a uniform basis of mileage computation to be used ONLY in connection with Tariffs issued by Ohio Association of Movers, Inc., (OAM) and participating members. The Guide lists mileages over the shortest and most practical routes between points in the State of Ohio.

2. To determine if a point is listed in the Mileage Guide, see AKRON and all points listed thereunder on Page 4 of this Guide. The alphabetical arrangement lists all points shown in the Guide.

3. On Page 3 of the Guide, there is an alphabetical listing of all Counties with an assigned sequential number. Where this number is shown in parenthesis after the points listed in the Guide, it indicates that point as being situated in the County to which the number has been assigned.

4. If mileages are to be determined between two points, neither of which are listed in the Guide as Key Points, such mileage shall be determined by use of the current official transportation map prepared by the Ohio Department of Transportation. Such mileage shall be computed over the most practical and shortest truck route. If the shortest route between one point and the other passes through two Key Points listed in the Mileage Guide, the mileage shall be computed by:

   A - Using the mileage shown between the two Key Points listed, plus

   B - Mileage from Point of Origin to the first Key Point, plus

   C - Mileage from second Key Point to point of destination.

5. If mileages are to be determined between points and one point is shown in the Guide, the mileage shall be computed from the Key Point shown to the nearest other Key Point shown en route to the point desired and adding thereto the mileage shown in the current official highway map prepared by the Ohio Department of Transportation.

♦ - Increase

♦ - Reduction

▲ - Change in wording resulting in neither increases nor reductions in charges

The Counties of Ohio named have been assigned the number shown in parenthesis. Where that number is shown after the named point in this Mileage Guide, it indicates that point is located in the County corresponding with the number.
