

Notes: Project area boundaries are provided by applicants. Case and construction status is determined by the case filings. The nameplate capacity shown is the maximum capacity that could be built based on the number of approved turbines and the highest nameplate capacity of the approved turbine models.

Operational Wind Facilities			Potential Wind Facilities (Approved, Pending and Pre-application)			
Operational Megawatts (MW):		669.8	Potential Megawatts (MW):		1,446.5	
Operational Turbines:		327	Potential Turbines:		571
